## ABOUT THE CONFERENCE

International Conference on Sustainable Innovation in Science & Engineering (ICSISE'26) aims to create a dynamic global platform that fosters collaboration across diverse academic disciplines. In an era marked by rapid technological advancement, environmental challenges, and evolving societal needs, sustainable development demands integrated solutions that combine scientific innovation, engineering excellence, and humanistic perspectives.

This conference seeks to bridge the gap between technological progress and social responsibility by promoting research in green technologies, advanced materials, artificial intelligence modeling, environmental sustainability, policy development, and ethical innovation. Through interdisciplinary engagement, the event aims to inspire innovative research, responsible technology, and collaborative solutions that address current global challenges while shaping a smarter and more sustainable future.

## ABOUT THE DEPARTMENT OF SCIENCE AND HUMANITIES

Engineering is the application of science in the real world and like any other branch of study it requires a strong foundation in basic Science & Humanities. The department of Science & Humanities plays a unique role in an institute, where the ethos of Science & Technology prevails. It is believed that engineering & Science are, by their nature, humanistic and socially derived subjects. The department provides valuable inputs on the engineering disciplines, professional ethics, and skill developments like sharpening analytical and practical reasoning, problem solving and communicating.

The Department of Science & Humanities in our college has four discipline, namely Physics, Mathematics, Chemistry and English. It consists of dedicated and spirited staff members who are always involved in enhancing the advanced knowledge and skills. They impart these skills to the students and prepare them to meet the growing challenges of the industry.

## ABOUT THE PERI IT

PERI Institute of Technology (PERI IT) was founded in 2010 by the PERI Educational and Charitable Trust with the goal of providing top-notch technical education. The institute is proud to have NAAC Accreditation and has been granted autonomous status starting from the academic year 2024-2026. Nestled in a 15-acre campus in Mannivakkam, Chennai, PERI IT offers an enriching

learning environment with smart classrooms, advanced laboratories, transport facilities, a cafeteria, and a well-stocked library. The institute provides undergraduate (B.E.) and postgraduate (M.E.) programs designed to foster academic excellence while encouraging co-curricular and extracurricular growth for students..
